

HIGH PERFORMANCE AFFORDABLE LANGUAGE LAB

SANAKO. Luxurious virtual rooms plus tools for professional development and learning.

Sanako was launched in September 2003 but has decades of history as Tandberg Educational, Teleste and Divace.

Demanding academic and business audiences around the world expect the best and we give them more with our technologically advanced solutions that are innovative, scalable and easy to use.

In the corporate sector, we accelerate professional development with our tools for executive education and e-learning. We make things run smoother also with our luxurious virtual meeting rooms.

In the academic sector, our virtual classrooms and tools for e-learning make both teaching and learning efficient, effective and enjoyable. We are the world leader in high-end language labs with a customer base of over 16,000 universities, schools and colleges in more than 90 countries worldwide.

HIGH PERFORMANCE AFFORDABLE LANGUAGE LAB

Low budget with high performance – this is the language lab that quickly demonstrates the words “affordable” and “attractive”.

Sanako Lab 100 is an easy-to-use and durable teacher-led system. This digital system allows the students to profit from efficient audio-based exercises without investing in expensive student computers.

Sanako Lab 100 gives you the tools that help you provide your students with motivating and effective language lessons. Durability and design have been combined to ensure that this language lab will withstand heavy everyday use over a considerable period of time.

Created by the world leader in high-end language labs,

Sanako Lab 100 is used by 400 educational institutes worldwide.
