100 LOUNGE

LUXURIOUS VIRTUAL CLASSROOM

Sanako Lounge 100 provides the perfect setting for live e-learning and puts the teacher back in the key role. Human interaction and file sharing, in an easy-to-use package.

Sanako Lounge 100 mirrors the live classroom experience in an Internet environment featuring real-time audio, text and visual communication, and multimedia file sharing between the teacher and the students, wherever they are. It is easy to use, and makes both teaching and learning efficient and enjoyable.

Created by the world leader in high-end language labs, Sanako Lounge 100 is a luxurious virtual environment with all the pros and none of the cons of the traditional classroom.

"Once again Sanako offers an innovative and exciting new product that truly supports language instructor and learner needs... Sanako Lounge 100 makes it possible for affordable real-time group discussion and multimedia filesharing to supplement traditional classroom activities or to be used as a stand-alone "classroom without walls". (Richard Donovan, College Administrator, College of Undergraduate Programs, California State University, Monterey Bay).

"While many companies claim to provide the digital tools and connectivity suitable for online language instruction, only Lounge 100 software has the multi-point conferencing capability, audio quality, ease-of-use, and rich set of resources that our students and instructors require and demand." (Dr. John C. Ittelson, Ph.D. Professor and Director, The Idea Lab California State University, Monterey Bay).

"With ever-tightening budgets and limited classroom space, the technology offered by Sanako allows our instructors to teach language courses to more students, wherever they may be." (Gus Leonard, Language Lab Coordinator, School of World Languages and Cultures, California State University, Monterey Bay).

"Dynamic, challenging and exciting, Sanako Lounge 100 is a valuable tool which has helped Impact 92 to develop its residential training events in Finland and the UK into learning processes. This virtual classroom provides the essential ingredient which our trainees demand: lots of opportunity to speak and receive guided feedback. Sanako Lounge 100 supports Impact 92's individual training philosophy, allowing trainees to negotiate the content of their own learning, and has allowed us to continue to develop and differentiate our training to the advantage of our clients." (Maggie Sewell, Language and Communication Consultant, Impact 92 UK)
